

Dhirubhai Shah & Co LLP

Independent Auditor's Report

To the Partner of Sambhaav Nascent LLP

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **Sambhaav Nascent LLP ("***LLP'***)** which comprises the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss for the year then ended, cash flows for the year and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by Limited Liability Partnership Act, 2008 (the Act) in the manner so required and give a true and fair view in conformity with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI) under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the LLP as at March 31, 2023, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act and Rule 24 of LLP Act, 2008. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the LLP in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the LLP Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to the Note 21 of the financial statement that describes the search operation carried out by the Income Tax department at the LLP's business premises and residential premises of the partner and certain key management personal of the LLP. As the LLP has not received any communication on the findings of the Investigation by the Income Tax department till date, the impact of this matter on the financial statement, is not ascertainable.

Our conclusion is not modified in respect of this matter.

Phone : (079) 2640 3325/26 | Website : www.dbsgroup.in | E-Mail : info@dbsgroup.in

Head Office : 4th Floor, Aditya Building, Near Sardar Patel Seva Samaj, Mithakhali Six Roads, Ellisbridge, Ahmedabad 380006. Branch : 204 Sakar Complex, Opp Abs Tower, Old Padra Road, Vadodara : 200015

Responsibility of Management for the Financial Statements

The LLP's Partners are responsible for the matters stated in section 34 of the LLP Act, 2008 with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance), of the LLP in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Companies Act, 2013. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the LLP and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, partner is responsible for assessing the LLP's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless partners either intends to dissolve the LLP or to cease operations, or has no realistic alternative but to do so.

The Partners are also responsible for overseeing the LLP's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the LLP has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the LLP's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the LLP to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the LLP so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss and the statement of cash flow dealt with by this Report are in agreement with the relevant books of account.

Sambhaav Nascent LLP

Notes to financial statements for the year ended as on March 31, 2023

1. Corporate Information

Sambhaav Nascent LLP (LLP Identification No: AAN-8745) was incorporated on 28th December, 2018 domiciled in India under the provisions of LLP Act applicable in India. The registered office of the LLP is located at 8th Floor, B Wing, Sambhaav House, Opp. Judges' Bungalows, Premchandnagar Road, Satellite, Ahmedabad- 380015, India.

The LLP is engaged in the business of running and operating Web Portal.

2. Significant accounting policies annexed to and forming part of Financial Statements

a. Basis of Preparation of Financial Statements

The financial statements has been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the "Act") [Companies (India Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

These financia' statements have been prepared on historical cost basis, except for certain financial instruments that are measured at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between the market participants at the measurement date.

The financial statements are presented in INR except when otherwise stated.

b. Use of Estimates

The preparation of financial statements, in conformity with the Indian AS, requires partners to make estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) as at the date of financial statement and the results of operations during the reporting period. The partners believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialized.

c. Current versus non-current classification

The LLP presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realized within 12 months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within 12 months after the reporting period, or
 iv) There is no unconditional right to defer the activity of the interview.
- iv) There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period

The LLP classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The LLP has identified 12 months as its operating cycle and consequently current/non-current classification is made.

d. Foreign Currency Transactions

The LLP's financial statements are presented in INR, which is also the LLP's functional currency.

Initial Recognition:

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of transaction.

Conversion:

Foreign currency monetary items are reported using the closing rate. Non-monetary items, which are measured in terms of historical costs denominated in foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange Differences:

Exchange differences arising on the settlement of monetary items or on reporting LLP's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements including receivables and payables which are likely to be settled in foreseeable future, are recognized as income or as expenses in the year in which they arise. All other exchange differences are recognized as income or as expenses in the period in which they arise.

The gain or loss arising on translation of non-monetary items is recognized in line with the gain or loss of the item that give rise to the translation difference (i.e. translation difference on items whose gain or loss is recognized in other comprehensive income or the statement of profit and loss is also recognized in other comprehensive income or the statement of profit and loss respectively).

e. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the LLP and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Goods & Service Tax (GST) is not received by the LLP on its own account. Rather, it is tax collected on value added to the services by the LLP on behalf of the government. Accordingly, it is excluded from revenue.

Revenue from rendering of services is recognized over the period of time by measuring the progress towards complete satisfaction of performance obligation at the each reporting date.

f. Property, plant and equipment:

Property, plant and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Costs include financing costs of borrowed funds attributable to acquisition or construction of fixed assets, up to the date the assets are put-to-use, along with effects of foreign exchange contracts. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the LLP derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Where components of an asset are significant in value in relation to the total value of the asset as a whole, and they have substantially different economic lives as compared to principal item of the asset, they are recognized separately as independent items and are depreciated over their estimated economic useful lives. All other repair and maintenance costs are recognized in the statement of profit and loss as incurred unless they meet the recognition criteria for capitalization under Property, Plant and Equipment

Tangible Fixed Assets:

Depreciation is charged as per straight line method on the basis of the expected useful life as specified in Schedule II to the Companies Act, 2013. A residual value of 5% (as prescribed in Schedule II to the Act) of the cost of the assets is used for the purpose of calculating the depreciation charge. Partners believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. However, partners review the residual values, useful lives and methods of depreciation of property, plant and equipment at each reporting period end and any revision to these is recognized prospectively in current and future periods, if any.

Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

An item of intangible asset initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset [calculated as the difference between the net disposal proceeds and the carrying amount of the asset] is included in the income statement when the asset is derecognized. Intangible fixed assets are amortized on straight line basis over their estimated useful economic life.

Capital Work- in- progress:

Capital work- in- progress represents directly attributable costs of construction/ acquisition to be capitalized. All other expenses including interest incurred during construction / acquisition period are capitalized as a part of the construction cost to the extent to which these expenditures are attributable to the construction. Interest income earned on temporary investment of funds brought in for the project during construction period are set off from the interest expense accounted for as expenditure during the construction period.

All these expenses are capitalised on commencement of respective projects/operations.

g. Prior Period and Exceptional Items

- i) All identifiable items of Income and Expenditure pertaining to prior period are accounted through "Prior Period items".
- ii) Exceptional items are generally non-recurring items of income and expense within profit or loss from ordinary activities, which are of such size, nature or incidence that their disclosure is relevant to explain the performance of the LLP for the year.

h. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing cost consists of interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs which are not specifically attributable to the acquisition, construction or production of a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a weighted average capitalization rate. The weighted average rate is taken of the borrowing costs applicable to the outstanding borrowings of the LLP during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized cannot exceed the amount of borrowing costs incurred during that period. Other interest and borrowing costs are charged to revenue.

i. Retirement and other employee benefits

Short Term Employee Benefits

Short-term employees' benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

Post Employee Benefits

The LLP recognizes post-employment benefit i.e. Gratuity on accrual basis on the basis of years of services rendered by the employees.

Provision is made for Leave Encashment on accrual basis based on actual leave earned at the end of the year.

Termination benefits, if any, are recognized as expense as and when incurred.

j. Taxation

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 and tax laws prevailing in the respective tax jurisdictions where the LLP operates.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized on the basis of reasonable certainty that the LLP will be having sufficient future taxable profits and based on the same the DTA has been recognized in the books.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is "realized or the liability is settled, based on tax rates [and tax laws] that have been enacted or substantively enacted at the" reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities

k. Preliminary Expenses

All expenses, including general administrative expenditure incurred by the LLP till the commencement of operations of the LLP shall be capitalized under the head preliminary expenses.

Preliminary expenditure is being amortized in 5 equal installments and over a period of 5 years commencing from the year in which the LLP commences its operations.

I. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the LLP has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are not recognized but disclosed by way of notes to the accounts. Contingent assets are neither recognized nor disclosed in financial statements.

m. Cash and Cash Equivalents

Cash and cash equivalent comprise cash on hand and demand deposits with banks which are shortterm, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

n. Recent accounting pronouncement

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1, Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The LLP has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors –

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The LLP has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12, Income Taxes –

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The LLP has evaluated the amendment and there is no impact on its financial statements.

21. CONTINGENT LIABILITIES AND COMMITMENTS

The contingent liabilities and commitments as on March 31, 2023 is Rs. Nil. (31.03.2022 : Nil)

Notes:

The Income-Tax Department had carried out a search operation at the LLP's business premises and residential premise of partner and certain key employees of the LLP, under Section 132 of the Income-tax Act, 1961 on September 08, 2021. The LLP had extended full co-operation to the income-tax officials during the search and provided all the information sought by them. As on the date of issuance of these financial results, the LLP has not received any formal communication for any demand from the Income-tax department regarding the findings of their investigation & examination. Given the nature and complexity of the matter, the final outcome of which is not ascertainable, the impact (if any) on the results in relation to the matter cannot be determined at present by the management. The statutory auditors have given Emphasis of Matter in their statutory audit report on financial results for the year ended March 31, 2023.

f) Further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually	-	- 1

24. Disclosures As Required By Ind AS 19 Employee Benefits

The firm has classified the various benefits provided to employees as under:-

(a) Defined contribution plans

The firm has recognized the following amounts in the statement of profit and loss:

Employers' contribution to provident fund :- Current Year Rs. 3.78 Lakhs (Previous Year Rs. 3.48 Lakhs)

Employers' contribution to ESIC :- Current Year Rs. 0.57 Lakhs (Previous Year Rs. 0.71 Lakhs)

(b) Defined benefit plans

Gratuity

In accordance with Indian Accounting Standard 19, actuarial valuation have been carried out in respect of the aforesaid defined benefit plans based on the following assumptions-

Economic Assumptions

The discount rate and salary increases assumed are the key financial assumptions and should be considered together; it is the difference or 'gap' between these rates which is more important than the individual rates in isolation.

Discount Rate

The discounting rate is based on the gross redemption yield on medium to long term risk free investments. The estimated term of the

benefits/obligations works out to zero years. For the current valuation a discount rate of 7.50% p.a. (Previous year 7.25% p.a.) compound has been used for gratuity obligation.

Salary Escalation Rate

The salary escalation rate usually consists of at least three components, viz. regular increments, price inflation and promotional increases. In addition to this any commitments by the management regarding future salary increases and the LLP's philosophy towards employee remuneration are also to be taken into account. Again a long-term view as to trend in salary increase rates has to be taken rather than be guided by the escalation rates experienced in the immediate past, if they have been influenced by unusual factors. The assumptions used are summarized in the following table:

Discount rate(per annum)	Gratuity (Unfunded) March 31, 2023	Gratuity (Unfunded) March 31, 2022
	7.50%	7.25%
uture salary increase	7.00%	7.00%
Mortality Rate	100.00%	100.00%
Retirement age	58	58
